WE NOMINATE

Phillip Alampi, New Jersey's native-grown Secretary of Agriculture and a public servant endowed with boundless energy and imagination, who has been singled out for one of the State's highest honors — the award annually presented since 1937 by the Advertising Club of New Jersey to "New Jersey's Outstanding Citizen." Three weeks hence the 54-year old resident of Pennington, the first president of the newly organized Hopewell Valley Regional School Board, will receive this distinctive award at a gathering in Newark which will attract a cross-section of the State's leaders and will be highlighted by tributes from both U. S. Secretary of Agriculture Orville L. Freeman and Governor Richard J. Hughes.

This year's Citizen Award, recent recipients of which have included bankers and business executives as well as former Secretary of the Treasury Douglas Dillon and Chief Justice Joseph Weintraub of the New Jersey Supreme Court, recognizes Alampi not only for distinguished service as a State official but also for his contributions to education, communications, public relations and civic affairs. Alampi, for instance, is past president of 32 major organizations and at the moment is either an officer, chairman, director, or active member of 62 organizations, ranging from the chairmanship of the State Soil Conservation Committee to a coaching assignment in the Little Varsity Basketball League.

In each of the past five years the versatile Alampi, the father of three sons and concerned with the operation of a 142-acre farm in Pennington, has been accorded at least one distinctive honor reflecting a facet of his many-sided career. There were three in 1962, starting with the Rutgers University Alumni Award for Service to Education, while 1963 brought two, the Meritorious Service Award of the National Association of Television and Radio Farm Directors and the Cor-

on Medal from St. Edward's University, Texas. Earlier this year the Southern New Jersey Development Council, one of the State's hardest-working organizations, bestowed its Achievement Award upon this native of South Jersey.

Raised on a fruit and vegetable farm in Williamsburg (population: 2,700), where as a youngster he organized the first 4-H Club in Gloucester County and promptly rose to its presidency, Alampi "majored" in agriculture at Rutgers carrying off the degree of bachelor of science with Phi Beta Kappa honors in the Class of 1934. A year of investigating poultry market practices in New York City for the Federal government, an assignment culminated by the famous N.R.A. Schechter Case, was followed by a crowded decade at Woodstown (N. J.) High School as a teacher of vocational agriculture and a coach of remarkably successful athletic teams.

A former intercollegiate football and basketball official and a rabid admirer of Princeton's Bill Bradley, whose hobbies include hunting and fishing as well as golf, Alampi in 1946 "took to the airways." Over the next ten years, until his appointment as Secretary of Agriculture on July 1, 1956, he and his wife, the former Ruth Whiting of Germantown, Pa., conducted prize-winning farm and garden radio and television programs, first over WABC and then with the National Broadcasting Company outlets in New York City. Mrs. Alampi is continuing the programs over both WNBC and WBNC-TV.

For ever seeking to bolster New Jersey's position as "The Garden State;" for his devotion to the concept of a balanced economy in which agriculture will continue to play a major role; for his advocacy of long-range planning on a regional basis; he is our nominee as

Two School Boards. The Township School Board did not at any time ask State Senator Sids R. Ridolfi to introduce legislation affecting the population balance and power between Borough and Township, and even after with him again a matter.

In fact, Board President George Grace stated that he had no objection to Senator Ridolfi's bill's legislation until he read about it in last week's papers.

The request to Senator Ridolfi came from individual members of the Township board, acting individually. They asked Board Secretary Norman Anderson to write Senator Ridolfi, asking that his view on legislation which would remove the Township from a minority position on the two school boards be made available to the Regional Board that would take office if new members were approved.

According to a press release, representation of the new Region Board would be determined by the 1960 census four members from the Township five from the Borough.

On May 15, Senator Ridolfi introduced into the New Jersey Legislature a measure that would eliminate the population count "all regularly enrolled undergraduate students attending a college or university" in a school district.

Meanwhile, a storm arose over another bill introduced on Monday by the Assembly under the sponsorship of Assembliesmen Charles Farley and Edward J. Kavanagh both of Princeton. This bill - No. 740 - sets up machinery to provide additional polling places if a regular school election or a school referendum seems likely to draw a heavy turnout of voters.

In a statement, Senator Ridolfi, a member of Gov. Hugh F. Ladd's charged political maneuvering on the part of both boards, "What about the large constituency in the legislature? Bill No. 740 introduced May 9th and advanced without reference to the Senate would affect the June 21st referendum. Why was it not openly discussed by the boards at their last public meeting?"

Mr. Harrington says that he, Mr. Sweeney and Mr. Connelly conceived the legislation late last fall after they had waited an exceptionally long time for the results of the merger referendum, and had seen many voters leave the polling place without having had the time to wait their turn to vote.

The measure was introduced on May 9th with the agreement of other Assembliesmen, "advanced without reference to committee" so that it could be considered by the full Senate in time for the June 21 referendum.

Robert van de Velde, 222 Western Way, voted to the county as Superintendent of Schools on February 14 about the overcrowding problem at the polls and to Assemblyman Farrington on March 12. On March 15, he read a letter from Mr. van de Velde "requesting the Board to consider the possibility of finding a place for future school referendum." This request was referred to Counsellor William Rohrer, who e-filed a written endorsement.

trip. This would draw the Board far enough to reverse the 5-4 distribution and give the Township majority.

The Senator withdrew the bill - that is, it will now lie dormant in committee - following an urgent telephone call from Borough School Board attorney Thomas P. Anderson, who told the Senator after newspaper stories last Tuesday had revealed the existence of the bill.

This week, both Boards of Education - Borough and Township - issued a joint statement.

"We reaffirm the agreements reached by the two boards of education on the reorganization of the two school districts UNDER THE EXISTING REGIONALIZATION PLAN." These agreements have been publicly expressed in our Board resolutions of May 5 and 9, and in our joint statement of May 5."

DR. STRROUP RESIGNS
Takes Job as Head of Publ. Schools
Superintendent Chester R. Strroup resigned on Monday at a suddenly-called meeting of the Borough Teachers Association. His departure on July 1 to become superintendent of the Haddonfield public school system ends a 20-year career in Princeton.

"We have done our best to prevent his leaving, but he has made his decision," Mrs. Paul Strayer, School Board president, said Tuesday. "Ever since we first learned that Dr. Strroup was considering such a move, we have, as a Board and as individuals, tried to assure him of our absolute confidence in his leadership, and I am sure our members could continue to enjoy it."

She noted that the present merger controversy "no doubt" had some effect upon Dr. Strroup's decision. Administrators and teachers will consider a board executive session this Thursday and a report made at Tuesday's publ. meeting.

Dr. Strroup told the teachers' association that Haddonfield offered "a wider range of opportunities." Those who are active in state-wide professional circles will know that this is one of the finest school districts in the state.

Offer Made Earlier. However, she said that the Haddonfield School board made the offer several weeks ago, and that Dr. Strroup had accepted it. The Board of the bid prior to advising them to reurn the Borough-Township school merger.

"It is hard to find the words to express my gratitude to you for your consideration of my bid for the good years we've had together," he told the teachers. "There hasn't been a day in my existence that has not increased my pride in building what we have."

Calling recent criticism of the Borough school system "unwarranted and unfounded," Dr. Strroup said, "I want to reaffirm my faith, confidence and pride in you and the job you're doing. This is a great school system, and because it is great, it is always concerned with making it even greater tomorrow than it is today."

"It is my firm belief,

and the opinion of every profes-

sional I advise, that the future of this school district and of the children in it is secure, provided by

the realization of a united Borough - Township school system.

On Brief Visit. It was the first time a President of the United States had been to Princeton since 1947, when President Harry Truman came for the University's

It was a pleasant day, last Wednesday: cool and Texan-like, with a light rain. The visit of President Lyndon B. Johnson's was not answered, so I asked the people concerned until just before the President arrived. At least 8 a.m., TOWN TOPICS and Peter Pan, business manager of Princeton Airport, whether the President was due to land.

"The President is not round here and telling me he is," the harnesses Mr. Hines replied "but I don't know anything about it at all!"

But land there he did, at 10:15 a.m., in a Boeing King-Air, a twin-engine turbo prop, direct from Washington.

"We didn't know for how long he would stay, but in the time when Air Force officials called and questioned us about the arrival of the President, I never saw so many servicemen and state troopers in one place, screaming in their cars from Mercer Airport in about 15-20 cars."

Merces Airport, that's where Undersecretary Nichols was staying, Johnson would land, and that's where William H. Falvey, County Clerk of Mercer County, was ready and waiting, a speech in hand.

He Went That Way. Secret Service agents were at Mercer Airport all right, and a swarm of state troopers. But the only plane to land was held back from the Washington press corps, none of whom interested in Mr. Falvey's speech. Some reporters, however, had to leave only Mr. Falvey, his speech and the press corps.

With President Johnson on the plane was a party of six, including two advisers with whom he had been close friends: Eric Goldman and Donald Hornig. Governor Richard Hughes of New Jersey, and President Robert F. Kennedy greeted the President and joined him for the motorcade to the Corbin Building along Moore Street to Nassau, drowsing along Charlton to William, west on William and into the Corbin Building—the

brick structure that was moved to make way for the new swimming pool. The road leading to the route was lined with state troopers and police cars and along Nassau Street, spectators, mostly quick-eyed school children eager for a glimpse of the President in his bullet-proof limousine.

St. Paul's boys and girls were put in force in their front yards. Nassau Street and surrounding streets were cheering phalanxes along William Street, but the cascade went by so swiftly that if you didn't

see it, you probably missed it. The nervous presence of the young Secret Service men obscured the view of the spectators, who quickly

applauded the speech.

In fact, order and sobriety characterized the day, in spite of all the hustle of preparation. The sun was out, the sun presence of the nervous young Secret Service men. One observer commented that the President's speech was never interrupted by applause, but this did not necessarily mean that the audience seated in regular rows in the plaza responded. On this walk, Princeton photographer Alan Richards presented to the President Mrs. Alice H. Johnson, wife of Woodrow Wilson. They chatted briefly and then the President moved inside the building where he conversed for about 15 minutes with University personnel, including those via the Prospect Avenue door.

It was at this point that Peter Bobbitt came into the picture. Peter Bobbitt is from Austin, Texas. Mr. Bobbitt is President Johnson's nephew. He had been a guest in the Johnson place in Austin before the ceremonies were over. The President had asked to see him again. George James Koehler was dispatched to find him. Young Bobbitt had come back to Princeton. After meeting Mr. Koehler caught up with him, and finally the President had a chance to speak with his nephew.

After greeting his nephew, the President climbed into his limousine and was driven back to Princeton Airport. The Presidential plane took off shortly after 1 p.m.

The Time has Passed

- for shoddy thinking and destructive action
- for firing emotions and fostering distrust
- for playing politics with Princeton children as pawns

The Time has Come

- to join natural partners, the Borough and Township schools
- to assure quality education at lowest cost
- to give our children their last chance for excellence in public education

Time Is Vital

- to plan for excellence: merger voted on June 21 will not change teachers or schools pupils attend in 1966-67. It allows a whole year for planning a better system than Borough or Township can have alone.

IT'S "MAD": "MAD" is a masquerade, in case you haven't heard. It is also a revue, scheduled for McCarter Theatre Monday night after a series of what only can be called "happening." The three (top) here are (left to right) Pauline, Dorothy, who has been to McCarter before; Dorothy, Marcia Rodd and Reni Santoni. The fourth is Alfred E. Neuman, who else?

"MAD," SAYS NEUMAN
Show at McCarter, "The Mad Show," after a series of trials and tribulations, will open May 29th at McCarter. "Pauline," will check in at McCarter Theatre next Monday at 8:30—and note that curtain time.

The show will appear in Princeton under the aegis of McCarter Theatre as it stands offering for the current season. The presentation is no longer under the sponsorship of the Jewish Center; however, all tickets for the Guild performances scheduled for earlier in May will be honored on May 23.

"The Mad Show" has a score by Mary Rodgers and a book by Larry Siegel and Stan Hart. The star is Dorothy, the good angel, Alfred E. Neuman, the All-American "Mad" boy. Asked for a critical comment on the show, Alfred E. replied: "Eeuch!"

Other critics more generous said "wacky, bright, original and fun," a combination of fun, and that sort of thing.

It was good to see Lila Brunner's tasteful re-staging of this popular ballet, with some added and in many ways the Region's best. The dancer's performance has improved in the year the work has been in the company's repertory. The corps de ballet seems more secure and precise, and there are more strength and grace in the solos. The soloists all excelled, but a special bouquet must go to the acrobatic corps. The girls, Valorie Poulen and the softness of line which Rosemary Alpaca brought to the "Preludes," if it always affected not to fall love with Phyllis Papa on sight; she danced as if to the manner of Guez. Guests of honor, George and Lowell partnered Miss Papa most capably indeed, with somewhat more success than he evidenced in his own soloing.

Jerry Ross' "The Covenant," a Jaz Ballet in The Sectional, was a brilliant effort which simply did not come off. Mr. Ross' grand design was a kind of modernized "Promised Land" complete with all the traditional clinches—temptation, struggle for soul, vanquishing of temptation, final triumph of faith, etc.

Mr. Ross is obviously a talented man with ideas, but he needs to be given the opportunity to develop an abstract jazz ballet without becoming bogged down by a message.

From a purely aesthetic standpoint, the evening's highlight was Alfredo Convin's re-staging of Anton Dolin's "Pas de Quatre." The dancers, Valerie Poulen and the Misses Fancy and Papa once more, all outdid themselves in a dazzling display of the level of proficiency which

another gratifyingly provided ample opportunity for the company's younger members to excel. Judging from the number of instances of such potential "seniors" as Maxine Lampert and Dorothy Pert, who have participated in a rich harvest of fresh talent for the next several years.

The overall effectiveness of the entire program is reflected in the success and prestige of the always felicitous lighting of Gilbert Hemery Jr. Would you like to see some ballet performances in New York from the Bolshoi or even when were lighter half as well?

McCArtHY SURFERS ... Two, at McCarter. The late Senator Joseph McCarthy and top-flight surf artists will be on McCarter's film schedule on May 25 and 26. "Patch This Thursday" at 8. McCarter will present "Point of No Return" on May 27. Both of the Army-McCarthy hearings of 1954. The "cast" includes the late Senator Welch, Roy M. Cohn and Robert Kennedy, who was at that time a committee counsel.

On Friday at 8, McCarter will ride the waves of "Water-Lagged," a surring spectacular of the ocean and the beaches of southern California, Mexico, Australia and Waimea Bay in Hawaii.

WATER RELATED ... Dance, Music, Art, Princeton Ballet Festival intend to show the inter-relation of dance, music and art, will be held the weekend of May 28 under the sponsorship of the Asbury School.

The festival's program in three parts will be given in the auditorium of Princeton High School at 8:30 p.m. Saturday, May 28. The first part will be "Petit Défilé," performed by 30 Asbury students in costumes depicting the "Grand Défilé" given annually by the Paris Opera. Henry Sadler's "Waltz with a Teacher" at Asbury will direct.

The second part will be a series of ballet variations performed by Asbury and three guest schools, the Greenwich School, Greenwich, Conn.; the Picnic School of Dance in Fair Lawn, N.J. and the Civic Dance Center of Newark. Asbury's program will feature Shalwa Kim, Jocelyne Bouffard, Cathy Blount, Marley Gottlieb and Alissa Cawley.

Excerpts from the production of Stravinsky's "Le Sacre du Soleil" under the direction of Susan Rosenbaum, will conclude the third part of the program.

"AFTER THE FALL" ... In New Hope, Arthur Miller's "After the Fall" will be played at the Bucks County Playhouse, New Hope through May 28 as the second play of

the season for the Bucks County theatre.

Stephen Elliott will star. Stephen, Maguire, reportedly modelled after Marlene Monroe, will be played Sheila Sullivan, now appearing at the New York City Playhouse in "The Sound of Music." Without Really Trying." Season subscriptions for the theatre are available at 20% discount.

PLAYHOUSE, GREENWOOD ... A Patch of Blue (one play) introduces a talented new actress in Elizabeth Hartman, who plays the role of a blind girl.

Primarily this is a story of a friendship that grows between a blind girl and a blind heroine, Selina, is kept locked up in a sun-damaged apartment in San Francisco until the day when

MUSIC In Princeton

BAND CONCERT PLANNED FOR JULY 22 — The Princeton Kiwanis Club will sponsor a free "Concert in Masses," by the Salvation Army Temple Band, Hamilton Ontario, in Pierce Hall of Trinity Episcopal Church Friday at 8 p.m. The band will be part of the band's four-day New Jersey tour.

The band is considered one of the best in the Army's international program. All 40 members hold separate full-time jobs in addition to their studies. Bandmaster, Wilfred Mountain, a trumpet player, executive housekeeper in a large Toronto hospital.

A native of Yorkshire, England, Bandmaster Mountain was principal trumpet soloist for one year, championed in trumpet contests in Great Britain. The Hamilton Temple Band was formed in 1946 and has since distinguished itself for its distinctive tone and precision marching.

The band's repertoire ranges from the classics to hymns to exotic festival pieces and stirring marches. The band's summer tour will be the first since the New Jersey tour, which also includes appearances in Newark and Asbury Park.

CHOIRS TO SING IN HIGH SCHOOL PROGRAM.

More than 100 young vocal music students at Princeton High School will present their annual choral concert on Friday, June 3 at 8 p.m. in the high school auditorium. The public is invited to attend.

William Tregay, director of Princeton Choristers, will conduct the Choristers, a mixed group of freshmen and sophomores; the Girls' Chorus, composed of Princeton girls and the Princeton High School Choir.

The Choristers will sing the Agnus Dei of Hassler; Five Folk Songs by Brahms and Rorem; "The Road Not Taken" from Robert Frost's poetry, and poems by Robert Frost.

Members of the Girls' Chorus will sing di Lasso's familiar "Echo Song"; "Estampie"; "How Now, Fair Peter"; "Lively, Lively"; "Then the Law of the Spirit" from the Mass motet "Jesus, Princeless Treasurer"; the Italian madrigals "L'adate Pueri" and "Come In" from the "You Come, Too" section of Thompson's Frost.

The Princeton High School Choir will open the program with Frank-Joe Haydn's Missa Solemnis in B Flat Major, the "Hailing-messe."

TEACHER PROMOTED

At Music School, Elmer Heerema Jr., a member of the faculty for 10 years, has been promoted to head of the New School for Music Study for the past year, has been appointed assistant to the Musical Director, Dr. Kraehenbuehl.

In his new post he will teach advanced students in the Junior Department and assist in the piano and theory programs in the Professional Department.

Mr. Heerema holds a bachelors degree from Princeton College and a Music degree from Catholic University of America. He has written featured articles in the Frame Clark Library for Piano Students, an educational series edited at the New School.

IN THE WINGS

For chamber orchestra, The world premiere of a work by Milton Babell and a scenery-costumes production of "Orfeo ed Euridice" will be the features of next year's Princeton Chamber Orchestra series. Nicholas Harcourt, conductor, the orchestra will open the series on Monday, October 17, with Robert Freeman's piano soloist.

The Babell work will be presented on March 19, March 23, and George Malcolm will be the harpsichord soloist. Gluck's opera, "Orfeo ed Euridice" will be performed on Wednesday, April 26. Shirley Verrett, mezzo-soprano, and James Morris, tenor, will sing and John Conklin will design scenery and costumes. The chorus will be amateur.

Subscriptions information may be obtained by writing to the orchestra at P.O. Box 435, Princeton.

Where Service Counts

Topics Of The Town
I can assure you that no agreement was reached and he asked some research into the minutes of past years to check on Mr. Doremus' claim that the municipalities were to have borne some of the cost.

Because a prospective applicant is very much interested, and would pay \$1 million rateable could add \$30,000 to the Township's tax bill each year. This is in accordance to the zoning ordinance allowing nursing homes to have service district parking areas.

They are now allowed everywhere except in the service districts where new health care funding ordinance provides for nursing homes in a service district to have a service district parking area.

Before the ordinance is passed, and meanwhile that rateable is worked out, the amendment is being sent to the Planning Board for a formal approval.

Questioned by Mr. Wilson, Mr. Quinby said work was progressing on the Custer Avenue safety. He told Committee that a meeting will be held soon to block out areas of responsibility among the Uni-

Historic "Drumthwacket" Bought by the State

The spacious, white-columned mansion on Stockton Street known as "Drumthwacket" has been purchased from the state's Department of Conservation and Economic Development by its owner, Mr. Donald S. Spiegel, for a reported price of \$250,000.

The 10 acres of land and the buildings will be used for the state's reception center for VIPs who visit the Governor. However, the property's historic value was also a factor in the state's purchase.

A small white frame house high on a bank above Stockton Street, built in December, 1776, Washington reviewed his troops on their march to Trenton. According to the Lansing County Princetonian, General Washington and his men who won the battle of Princeton are buried in a common grave on the edge of the battlefield in part of what is now "Drumthwacket."

The stone house was built in 1822. It was the home of Charles S. Olden, governor of New Jersey during the Civil War, and later of M. Taylor Pyne.

Acquisition of the property by the state removes it from the Township's tax rolls. The cost is about \$3,900 a year in taxes, according to the Administrator's office.

POOLS ON SCHEDULE
Final Contract Awarded

Recreational construction problems such as an extended rain spell, the Community Park swimming pool were the main item on July 1. This projection was expressed by Recreation Director E. Donald S. Barr, president of the Joint Recreation Commission.

Pouring of the concrete bottom of the 100-foot pools was to start this week.

Mr. Barr revealed that the general construction contract for the pools in the two park areas had been awarded to J. G. Houston & Sons of Princeton for \$115,000. The earth and drainage contract to J. B. Redding & Son of Princeton for \$24,800.

Though both were higher than expected, Mr. Barr said that figures within the range estimated by Castillo Associates, the firm serving as architect and consulting engineer, were acceptable. Mr. Barr added that in talking to many persons in the industry, the consensus was that construction costs have risen a average of 10 to 15% in the past year. The original estimate for the bath house was \$120,000.

In contrast, the contract for the pool parking lot was projected by Donald C. Conner, whose bid of \$40,112 was \$1,400 below the next lowest bidder. The estimated original cost of \$50,200. "It's nice to get one that's under for a change," observed board president Barr.

The lots will provide parking space for 130 cars. Original plans called for parking for 300.

Present was Endot Durban, Borough Council member and liaison for Council. He requested that the Recreation Commission consider purchasing \$16,000 in cold-operated lockers for the bath house. He said it would be a good idea, but how could it possibly be ready by July 1 and that it would be foolish and poor economy to do so, he argued.

However, after a lengthy discussion in executive session, the commission voted to go ahead and order 216 of the stainless steel lockers - 120 men's and 96 women's - for a total cost of \$16,000. "We felt we had to have something ready for the adults," said Mr. Hulst. "The rest we can order next year."

Mr. Barr admitted that because of construction delays, he couldn't say if the bath house would be ready in time. He said the Community Park area has a shower and toilet facilities installed by July 1.

"We are trying desperately to get these facilities in this year," he said. "We feel without them we will have problems with the Board of Health and we may not be able to open the pool without them."

With the appropriation of an additional \$100,000 from the Borough and Township governments, the cost of the pools has risen to \$471,839 or about \$45,000 more than that

most forgot the other way of making pictures. Mail carries Winsor & Newton paint sets like the oil sets, and we're waiting for Sunday genius or the tubes and palettes of water-colors.

COLOR, ON THE LOOSE
To make a Slipcover, Bored with grey? Carolyn Benbeek of Manning's suggests you toss borden out the window and buy some color for your home this summer. She reminds us all that summer slipcovers are used for a shorter time than regular ones, and can, therefore, be brighter, wilder and fresher.

"Show yourself a lift" is her way of phrasing this.

She showed us a magnifi-

cent, sturdy cotton of art colors, polished—all mignants, shiny pink, purple, blue and gold. It comes in mixes of greens and purples, too, and will keep your room cool on the long, hot days.

Mrs. Benbeek enjoys the conversation between a Kelly green slipcover and a dusty rose with blue-purple-olive, a dusty rose and a warm steel blue. Wouldn't that make a memorable room?

Slipcover fabrics are so good, so strong, so enough to wash, laundring and drying. Mrs. Benbeek says Manning's has the best slipcover cutter in the country. You can see what would love to prove it to you.

And moving ahead to fall,

the trend in carpeting is toward bravery in color, and we'll bet she consigns your

practical grey to the rummage sale.

Summer furniture at Manning's is wrought iron, of course, and plenty of old-fashioned. What do we mean? Why, the chain suspended swing of course, made of iron, and the wicker chair and sheltered from the sun and prying eyes by a white-blanket canopy. Trim is brilliant blue.

In the same set, there's a glider, for heaven's sake, and a reclining rocker and ease swings that face each other across a platform. A table and chairs are tucked under the pine whenever you are not using them.

In wrought iron, Manning's has a minute round ice-cream table, and a small round table with a pair of chairs and a black-white urn print on the seat cushions.

MAN ARRESTED

Inside U-Wash. A Township man was arrested at 1:15 Tuesday morning while he was in the men's room behind the coin machines at the U-Wash at the Princeton Shopping Center, a branch of University Cleaners.

Thomas Corcoran, 24, 33 Linden Lane was arrested by Pte. Frank Boccanfuso and Pte. Ed Funk and charged with breaking and entering and possession of burglar tools. Corcoran was released yesterday night before acting magistrate Louis Gerber.

Township Detective Fred Poster said the arrest was the result of a routine check of the center by the police. Said he, "He was caught at the right spot at the right time." Poster added that apparently the suspect had time to practice on the coin mechanism before he was interrupted.

"Even Princeton"

Next Monday at 8:30 p.m. in McCosh 46 on campus, Dr. David Frost, a Democratic member of the Princeton Board of Trustees, will speak on Viet Nam at a public lecture sponsored by Professor George Brown, Dr. Samuel Brown, Rabbi Everett Gendler, Professor Carroll Pratt and Professor William D. Schenck. Dr. Paul Tillet, Professor H. H. Wilson and Mrs. Wilson will also speak on behalf of the Students for a Democratic Society. SANKE, the Fellowship of Asian Students, and the Women's International League for Peace and Freedom.

Mrs. and Mr. Ryan, Mrs. Samuel and Mrs. Aronson were co-ordinators for Princeton's participation in the Washington D.C. Demonstration. Among those who traveled to the capital were Beneficiaries of the Disabled Veterans with the Veterans for Benefits Foundation; Fred Foy in Viet Nam; Fred Tenney of the American Friends Service Committee; Mrs. Blader Whitney of the Society of Friends; who has dedicated the work of her foundation toward a solution of the Viet Nam problem; Mrs. John Hite and Mrs. Levinson.

"YES" Is In

Young People Celebrate
The Youth Employment Service is celebrating its fifth anniversary this month. It is evident that it has become the Middle-aged Employment Service, but it does mean that an organization that has been serving the young and young to many residents of the community has achieved its maturity and full-bodied maturity.

In the past five years, 3,000 high-school age boys and girls from the seven school districts have registered for jobs; 3,500 requests for jobs have been filled; and about three-quarters of those requests have been filled.

Ten YES scholarships were given last year with money from the Princeton High School Football Class. Six scholarships were awarded the year before. This year, the money will be given at the end of the school year. Current scholarship holder is Gordon M. Cooper, Frances Green, Barbara Johnson, Dominic Mastrolino, Douglas Watson, Charles Childs, Ellen Clegg, Linda Ladd, Shirley Cifelli and Yavonne Wooten. They are going to college, like the others, to junior colleges and to business college, to teachers colleges and to state universities.

Cotton Candy. Before they were ever called "candy floss," they worked, like other YES regulars, at an astonishing variety of jobs.

"This is this," and Mrs. Evelyn Hackley, a YES volunteer, waves a job request in the air. "We want someone who wants two boys to work on the cotton candy machine TO-DO. Money is like a school. We need to find two boys like us on such short notice!" It was 5:30 Friday afternoon.

That particular week, "to-morrow is the Saturday of the School Year," Mrs. Hackley says. "Mrs. Hackley says she serves," "I'm doing," anybody in the room who was available wants two boys to work on the cotton candy machine TO-DO. Money is like a school. We need to find two boys like us on such short notice!" It was 5:30 Friday afternoon.

At a recent pre-birthday gathering in YES' Dorothy's office, five charter members, well dressed, gathered to reminisce.

Priscilla Irving has probably been with YES longer than any other registrant because she was a student at Princeton High School and she signed up when she was in the eighth grade. She is now in the School of Education (yes, eighth-graders).

She has done everything baby-sitting and spent four months with one family during summer. She has also served time as an office helper. She hopes for a career in fashion design.

Court and Yard. Wilbur Hines, a five-year veteran who is best known for prowess on the high-school basketball

"YES" Samuel McDowell, right, "the Country Mouse," a young man from Princeton, is another who are delighted with the young job-seekers they have hired through the Youth Employment Service. That's why, when Beverly Phox (left) dedicated to The Country Mouse for an after-school job, Mr. McDowell was there to help him and his fifth birthday day in "Topics of the Town." (Staff Photo)

court and service as the current president of the Princeton High School Athletic Association, is a steel-beasted yard man in YES files. He will be at Duquesne University.

Art Buckland, president of the high school's Student Council, chose another future athlete, in another lawn-mower for YES customers.

He has done his share of tree work and is now waiting to see which of three pleasant young men he can hire.

John Lloyd made the best offer, in fact, so he will be at Syracuse University.

Theresa Macaulay works at the Thorndyke Pharmacy and looks forward to a career in nursing. She has done a great deal of work for Farmington's Music Center. Like Linda, she has the eye of a nursing school next year.

About 80% of YES' jobs are household or maintenance jobs. Another 16% are business jobs, and about 4% are spent serving like doing odd jobs for an elderly person, checking on a house during its owner's absence to make sure the house is safe, repairing glassware in a University laboratory or driving a child to her piano and riding lessons.

YES wants very much to receive business orders. That's where YES can gain valuable experience and that's where YES can be of real value to the community.

Business firms who have used YES workers besides residence managers include Zieder's, Viking Furniture, Town Topics, Louise Mass, the Princeton Hospital Aid Shop, Applied Management, Services and the Prexy Cooks Club.

Job of All Jobs at YES fell to Richard Handford. He was hired to drive a man from Phoenix, Arizona, and, because of expenses paid flight back home.

YES is open from 1 p.m. to 5 p.m. five days a week. It is closed Saturdays. Young registrants are free to go job-hunting and work out, with prospective employers, who they will be paid.

BIDS ARE HIGH
For Elderly Housing. Continuing on page 19, Princeton's housing for the elderly is moving North Harrison Street may have been set back by an unusual turn of events.

The heating and ventilation bid submitted by J. E. Redding, Inc., was \$100,000 higher than anticipated, although it was low. Local bids were opened last Thursday by the Housing Authority.

Court and Yard. Wilbur

Hines, a five-year veteran who is best known for prowess on the high-school basketball

team, is in charge of construction the John Witherspoon School, the latest addition to the school complex with \$438,000.

The Reeding firm bid low on piping with \$65,482 and will do the electrical work with \$45,800.

The Middlesex County Housing Authority had hoped to break ground in June with occupancy by the following June. The project will be built for Borough residents over 62 years of age who meet the three-year income requirement and the income ceiling.

Federal officials now say how much can be trimmed back or whether additional funds can be allocated. The project is being handled by architect David Lloyd, first chairman of the Princeton Housing Authority.

PUBLIC HEARING HELD

On I-95. Public hearings on the controversial highway between I-95 and the Hilltopping Road in Franklin Park, Commonwealth Avenue, Route 206, because a large number of communities, individuals and individuals expect to move to the road right-of-way to the State Highway Department on its proposed alignment.

Attending were officials and residents of Franklin Park, Mercer County, Somerville, Middlesex Counties, Township engineer Frank Quinby representing Mayor Henry Patterson, and Mayor William Vane representing Hopewell Borough. It was decided to postpone the hearing until the next day.

The present alignment of I-95 lies between Hopewell and Princeton Township, through the Hopewell Valley. One of the options proposed to this route is the one opposite to this route, I-95, which follows the old alignment route for I-95. Mr. Van-Wegel said that if allowed to remain as planned, would be impractical to send an one because the Borough is not one of the municipalities involved.

Both Princeton Borough and Township support the so-called McElroy Corridor; Ian McElroy, a Philadelphia planning the Delaware - Raritan Canal Committee, to plot a route that would connect the Hopewell River with the New Jersey Waterway.

In January, Mr. McElroy presented a plan of alignment which roughly follows the Reeding Railroad north of

As now planned, there would be a series of four interchanges for the portion of I-287 cutting through Hopewell Township. All would fall within the boundaries of Hopewell Township.

FUN UNLIMITED

For Children at Fete. A world of fun awaits children and the young at heart at the June 10 Princeton Hospital Fete in Community Park. Among the list of proven attractions are three new ones: have-been added for small fry—a cake walk game, a unicycle ride and miniature golf—and just for the young at heart, the cake walk will pay out cupcakes to children standing in line. Youngsters can ride the music train, which will stop at the music stops. When—and if—the youngsters get tired of the train, they can ride the Forty & Eight train or the merry-go-round or the unicycle.

The one with a touch of gambler's fever can satisfy the urge at the crab grab, the dart shoot, the fish pond, hit the cat, Indian Yodeler, the saw saw, pitch, spin and win, weight guess, chameleons and gold fish wheel.

Those whose blood isn't will dilute the trampolines or the two china smashes. And those who like the more tested attraction will be the balloon burst and the Yo-yo wheel.

A tent in the children's section will be the site for the final judging of the music a-go-go contest where prizes will be awarded to the winners.

For dads and the older set the Men's Midway will be back with its favorites: staffed again by members of the Princeton Rotary Club, Alan G. Frank and William Detjen are chairmen.

The old attractions will be there: girl dunk, dart throwing, toss and basketball shoot to name a few, along with a contest chipping gold balls into small pails.

THE LIKES OF YOU: The snap of an enplumed nose, the gentle curve of a young mouth—or even the double chin, Neil W. O'Connor, 30, will be recognizable to all silhouettes he is creating at the Princeton Hospital Fete on June 10. Here, she is practicing on her young son David, 6.

HOUSING STUDY BEGINS
At Players' Meeting. "For months the chamber of commerce will be the launching pad for the study of housing," suggested by this group, observed John Wallace of the Township Planning Board. The board launched its first new citizens group toward a study of housing in the Township.

Usually, the launching won't take place until Thursday, June 23, at Township Hall, but representatives of the groups that were present Tuesday night, join lawyers and business leaders, PTA speakers and others still unidentified, to form the citizens group.

The idea of forming a citizens' body to study the problem of Township housing grew out of the public meeting

held May 2, a meeting jammed with protests about proposed zoning and building regulations against the PTA.

The Board for alleged lack of consideration for lower and middle-income families.

Four areas of concern have been blocked out by the Planning Board for the new group: lower-income families, middle-income housing, multiple housing and the conversion of one-family houses to more-than-one-family use.

Reff Call. About 30 people went in Tuesday's meeting who had been invited showed up or sent a letter of support. Township schools' teachers' organization and the one man who had been invited as an individual, Frank Wells of Birch Avenue,

spokesman for architects for Princeton University, for PAHR and for the Italian American Federation. The architect, who did not represent his attorney, A. Township resident, Miss Helen Fairhurst, 21, who faithfully attends most Township Committee meetings, came representing no one in particular. Her answer to the kind of questions that sometimes makes members of governing bodies squirm in their chairs.

Jernihel Farrington, for the University, read a letter from the president, Robert F. Goheen, remarking upon the fact that for 200 years, Princeton has been a "small, independent character," and stating that the "University is seriously troubled by the lack of housing in Princeton for people of modest means."

Dr. Goheen's letter suggested that the group be constituted to study the existing and multiple housing. He also urged appointment of a Building Committee on the new citizens' committee.

Who Needs Housing? "With the actual needs of the community for housing being studied," asked Lawrence Neilsen, Kerr's real estate agent, "we expect to receive the multiple-housing report now being prepared by the committee, which is retained by a private group which has never been identified."

"This report will be the first document handed to the new citizens' group," said Senator assured her, "and it is an overall study which includes the Dartmouth area, for PAHR and the Princeton Housing

Group suggested that Princeton should be a community in which a man can earn a living and live, too.

To Cooper With Borough Anthony Pinner, president of the Italian American Association, he suggested the Planning Board of disregarding the Dilley report, which recommended middle-income housing and public housing, but Mr. Sander reminded him that the report was released in September of

Meet the Candidates for the Princeton Student Lounge Committee!

Election on Saturday, May 21, at Inter-Council Dance sponsored by student councils of Princeton Day, Princeton High and Hun Schools 8-12 p.m. at PDS.

Candidates for Chairman:

TOM GAMAN, 15 (PHS)
chairman of car wash project.
"I believe that I can do a good and efficient job. I have seen many of those of my own age and have heard of many others as to what the new lounge will need to be a success. I would like to be in college next year so I will be able to help more and attend all the meetings concerning the forming of the lounge."

PAT STEVENS, 19 (PHS)
member of Student Council, Tower Leader Corps, Community Players, camp counselor, co-ordinator of the Tennis Team at Hospital Fete. "I am in sympathy with the need of Princeton teenagers to have a place of their own. I have been involved in the planning of the lounge. I would like to put my enthusiasm and energy to work."

PASSING THE GAUZE: Mrs. Joseph S. Thomas, newly-elected president of the Woman's Club of Princeton, takes the gavel from retiring president Mrs. William F. Voorhees Jr. Mrs. Thomas will be officially installed at the club's annual luncheon on Sunday.

has worked part-time as guita-
rist, baby-sitter and index-
er. "I want to work for the
lounge because this is the
place where we can go with-
out getting kicked out."

for Treasurer:

DEREK SMITH, 16 (Ham)
has played football, soccer,
wrestling, crew and is a mem-
ber of cheer club. Assisted at
Hospital Fete. "I have
worked as a Home Nurses
for past two summers."
"Princeton urgently needs a
student lounge for the younger
generation. I want to con-
tribute all I can toward this
essential project."

PAM CUTHBERT, 14 (PHS)
sports member, car wash
and balloon committees for
lounge. "I am a part-time
part-time baby-sitter. "I be-
lieve strongly that all teen-
agers in the Great Princeton
area are individuals who
completely deserve a worthy
of a student lounge."

ROBERT KORMAN, 14 (PHS)
I am running for treasurer
because I want to help
make the lounge a success and
I feel I am most qualified in
this position."

J. Robert Hillier

BUSINESS In Princeton

NEW OFFICE OPENED
By Fazekas Architects, A. J. Robert Hillier has opened a new office for the practice of architecture at 44 Nassau Street, Princeton. Mr. Hillier was previously associated with the architecture firm of Fulmer and Associates.

A registered architect, Mr. Hillier graduated from Princeton University in 1959 and received his Master of Fine Arts degree in 1961. His MFA thesis was selected by the American Institute of Architects for display at its national headquarters in Washington, D.C.

Mr. Hillier is a member of the Princeton Borough Building Board of Appeals and chairmen of the board of trustees of Princeton Quadrangle Club. His staff includes Brian Woods, William Wolff and David Hanabell.

REALTOR ADRESSED

By Jim Sanders, Jim Sanders, chairman of the Township Planning Board addressed the members and guests of the Princeton Real Estate Group last week at the Peacock Inn. Mr. Sanders discussed the problems involved in joining the board as it tries to preserve the existing character of the Township while meeting the sometime private high and middle income housing.

Mr. Sanders reported that an Advisory Board was being established with representatives from all groups within the Township. This board would explore all possibilities. This board is expected to take several months before making its report to the zoning board.

ETS FILM AVAILABLE
On College Board Tests, Educational Testing Service is making available a new 25-minute film entitled "Test Your Knowledge" to students, teachers and educational groups. The film explains the process of preparation and the purpose of the College Board Achievement Test.

The film uses an American history test as an example and shows the five member program of reading, listening, thinking and considering sample questions. It continues to show how the quick answers are found and how their effectiveness is evaluated.

Prints of "I to a 100" are available on free loan at 43 audio-visual centers throughout the country. Inquiries about the free loan locations should be directed to "I in a 100," Educational Testing Service.

If you link TOWN TOPICS, the best way to express your approval is to mention it to our advertising department.

OH, SAY CAN YOU SEE...?

For many who complain of fatigue, tension, and poor working posture, moderate, regular physical exercise is the prescription given by many doctors to increase vigor, reduce tension, and encourage a feeling of well-being.

Walking, which keeps the body in constant motion, is one of the most beneficial of exercises.

For over an estimated one million Americans, a fast walk to an eye specialist may be just what the doctor ordered.

Many people unknowingly cheat themselves on the job because of uncorrected vision problems; they also often damage their own lives and those of others when they take to the road as motorists. Equally alarming is the fact that one American child out of four needs vision care that he isn't getting.

Good health, including good vision, is something you owe yourself and family. Make certain that you are one who will say you can see.

MAILBOX

Human Life over History.

To the Editor of Town Topics:
About two weeks ago two
graduate students of Princeton
University were driving west
on New Jersey State Highway
Route 518 toward Princeton
from Kingsburg. As they
crossed over a very narrow
bridge, their car was hit almost
head-on by another car which
failed completely to give the
right-of-way. The two students
were thrown from the bridge. These two students are
certainly lucky to be alive.

It seems obvious to me that
the position of the bridge is
not a safe one. The driver,
not acquainted with that road and the position
of the bridge is liable to make
a wrong turn. The driver
is likely to swing necessary to
swing out into the oncoming
traffic in order to make the turn
which may pass by for the
stranger, where they can go
even faster.

If any inhabitants like all
of us here, might let them
move to New York City.
Whatever we do let's do it
with a smile. Alexander Street, two
of the neatest parts of Princeton,
with a long straight highway.
What could be more safe? Europe
if the Europeans had
straightened their streets and
roads would not have old buildings?

ELEANOR M. DUNLAVY

To the Editor of Town Topics:
To do nothing whatever
would be the Borrough shade tree
and urge strongly that the
State Highway Department
and similar local authorities
straighten the bridge and
straighten the highway. If this
action proves to be impossible
then the next best thing
would be to provide blinding
yellow lights at both ends of
the bridge. Anyone who has
driven over the bridge knows
how easily an accident could
happen, and realizes that a
little planning and thought
could be made if the
bridge were eliminated and
the road straightened.

To the Editor of Town Topics:

Everyone has been seriously
considering the current public
school situation here has
agreed that Princeton Board
of Education should be asked
for both educational and
financial reasons, to work out
some permanent arrangement

So, if we are faced with

such a situation, let's boil down

to the alternatives. (Montgomery

TOWN TOPICS will make
use of space available on space
limitations, to publish up to
500 words of any letter or a
subject directly affecting the
Princeton area. Items of the
local community, national
or international nature must be
covered at the community level

on Monday afternoon may be
held for use the following week.

1) merge fully with the
Township, or

2) Merge the High School
with West Windsor.

Princeton Township comprises
about 16 square miles and
is located in a hilly area.
Projections indicate that when
Township land is full, about
10 classrooms will have to be
added to existing elementary
schools.

West Windsor, with about
twice as many square miles as
Princeton Township, is still
largely empty. Projections indicate
that there will be a population
of 50,000 people or more.

That means that about 10 High
Schools would be needed in
order to merged Princeton-Boro-

ough-West Windsor high school
population and that the Borrough
will have to pay the legal fees
required to build two or more new high
schools in the near future.

If we consider this factor except
for Income taxes, the answer is clear — it will cost us for
us to merge with our neighbors
in Princeton.

It's nice to be missed.

To the Editor of Town Topics:
I have just come to Washington
for a brief research trip and already realize how
much I miss the services of the
Borough of Princeton. I hope to be

in Washington for the next three weeks. I wonder if
I should be able to receive
Town Topics here until my return
to Princeton on June 1.

It would be possible to
receive them by mail, but I am
not sure about the necessary
postage charges. Town Topics
is a necessity for the Princetonian.
Thank you very much.

"Rohrer Memorial Bic."
To the Editor of Town Topics:

The arguments for merging our public schools with those of the Township seem to me to be well taken. The Township seems to make very good educational facilities available to the students in the Township. Obviously emotions have been aroused, and arguments other than educational are being used. I would add my bit to the non-educational argument.

What happens to our choir and our band? They are built on a good proportion of Township youngsters.

What happens to our "Little Tiger" teams, if the Township pulls out? About 40% of our players come from the Township.

What legacy will the Borough High School bequeath to the West Windsor team?

Someone has suggested we can still call it "Princeton High School". Because the Township will name the new one, "The Graham Rohrer Memorial High School".

What about "West Windsor-Princeton High School".

NICK PROFACCINO

8 Chestnut Street

Demonstration Drew 100-500

To the Editor of Town Topics:

Please print the following

address and correspondence to your report on Johnson in Princeton (May 12).

Although the Princeton Ad Hoc Committee Against War to Intervention in Vietnam announced its plan a few days prior to Johnson's arrival, the actual demonstration was to take place did not reach many people until the day before. Nevertheless, a picket line was established containing between 400 and 500 people. More than 250 posters were displayed by the picketers.

The line formed a loop on Nassau Street and Washington Street, ending at the corner of Nassau to McColl Walk (approximately) and back again. Only a few hundred members of faculty members, several in academic robes and some townpeople took part. There were also a few from out of town. I saw one antagonistic sign and heard of two eggs thrown at the pickets. There was no counterdemonstration.

From what I have gathered in the last few days, I guess that twice as many people would have shown up if the demonstration had been less highly planned. Also remember that public demonstrators represent only the least timid, most dilettante and most reprehensible portion of the community. There are always more sympathizers than demonstrators.

Many of these remain sympathizers and take no part in public demonstrations or protests because news media reinforce their timid and hopelessness through erroneous reporting. I believe that the local peace movement is strong, responsible, active, and more representative of the average person than ever before. I think newspapers should not fail to indicate this fact when reporting situations where it is relevant.

ROGER MARSH

854 Mount Lucas Road

Editor's Note: In the process of recording many aspects of President Johnson's 11½ hour visit to Princeton, time did not permit TOWN TOPICS to check the degree of the counter-demonstrations had been held. It was planned apparently to be confined to the one sign and two eggs that Mr. Marsh reports.

Warnings against "Tax Suicide." To the Editor of Town Topics: Let's not cut our own throats!

Having just returned from the public hearing on the revised zoning laws, I would like to bring up a few points which seem to be widely missed.

A number of people in the audience objected to the continuation of our present zoning

on the basis that lower income groups cannot afford to move to Princeton. Many of these same people mentioned that they live in Princeton which is also driving people out of town and that too was attributed to the arch villain the Zoning. These arch villains are actually incompatible although in many cases they are being sold by the same individuals.

As a middle income homeowner, taxpayer, and 30-year resident of this community, I

support the present zoning for
one-half acre lots for the 1100 tax
afraid of further tax increases.

Think back ten years to the
period of our 1½ acre zone.

First Littlebrook School,
then Franklin and, more recently,
Community Park School all
had to be converted to accom-
modate a vast influx of
children from these same ¼
acre lots. What happened to
your tax bill? You were buying
double the property during the
third and fourth years of this period
and is now almost four times
the original.

Bear in mind the fact that
the more you have to pay in taxes
the more you have to pay for school
expenses and also that the cost
of providing school facilities
for one-half acre lots is about
a ½ acre lot at that time
was several times as much as
the tax bill paid by this type

of homeowner. As the ¼ acre lots were being set up, the tax rate reflected the rate of this development directly. Now most of these lots are developed and for the last two or three years the tax rate has gone down as far as the school has concerned. This reduction of zoning requirements is a rational answer to the tax problem.

Another important reason for our 1½ acre zoning is the fact that most of these areas are on either diabase rock or shale. At 1½ or 2 acres a well is successful. Lots smaller than this would require water and sewer lines to be brought to them.

Sewers, particularly, are usually expensive in these areas due to the need for deep excavation into solid rock or numerous pumping stations. Who would pay for this? Either the people pay themselves to the further detriment of our already excessive taxes, or the tax collector does, making them about the most expensive lots anywhere in the state.

Pressure from outside the zoning law for the benefit of developers has been with us for a long time, and as "Megapolis" (the Boston to Washington strip) grows closer, these pressures will increase. The Zoning Ordinance Committee is our only defense against being absorbed into the very kind of area that most of us live in.

One last point is the fact that we have no industry to pay taxes. We have no oil wells or taxes. There are several reasons for this. All we really have to offer an industry is a prestige address. On the other hand, we have rugged terrain, the difficulty mentioned above, and a lack of a good system of roads and streets designed for an industrial area, no major access to either railroad or highway. In addition, there is a great shortage of sites where owners and neighbors would want to build.

To lure an industry to this community we must compete with far more desirable sites in adjacent Townships. This means that we are, in short, not open to us as a practical solution.

The government has a primary obligation to the present

DISAGREES WITH SENATOR FULBRIGHT: Pat Carducci, University painter, disagrees with Senator Fulbright's charge that the United States has become arrogant in the use of power. "We've done no more than we had to," says Mr. Carducci.

Question of the Week

Question: In your opinion, has the United States, as claimed by Senator Fulbright, become less arrogant in the use of its power?

Where asked: Nassau Street-Palmer Square

Pat Carducci, Landerbilt University painter, Princeton University: No, I disagree with Senator Fulbright. I think we're doing no more than we have to. We've made a commitment over there, and we have to live up to it. If we hadn't stepped in now, what would happen later?

Mrs. Lois Cohen, Lawrenceville, housewife: I don't believe people in the United States are egotistical but not arrogant in their egotism.

Mrs. Lorrie Jones, Law-

renceville, housewife: I think the other countries of the world are going to talk to us. We are taking a stand in Viet Nam, but we're not, I feel, being arrogant about it.

Hugo Redau, Hibben Apartments, Princeton University: Arrogant? It's become stupid in the use of its power.

James P. Kester, Princeton: No more than we have to.

We've made a commitment over there, and we have to live up to it.

President Johnson's speech here was a dig at the academic community.

Spencer Freeman, 7 Park Place Physician: No, my opinion of Senator Fulbright is he is a fool and that he has again demonstrated his foolishness.

Michael Schatz, 140 Radnor Road, clinical psychologist: I think we apply self-restraint at the wrong times. And if being arrogant is a misapplication of self-restraint, then I agree with the Senator.

Mrs. Adelle Tenoor, Mountain View Road, secretary: I don't think we have intentionally become arrogant. We just agree without being aware of it. I think the way we use our power could easily be misconstrued as arrogance by other countries.

Henry Stone Graduate College, bio-chemistry: Maybe not arrogant, but I feel it could become. It's little by little. We shouldn't let a number of men influence our policy; the casualty statistics in Viet Nam should not be used as an argument for the continuance of our presence there.

Mrs. Polly Bartel, Chicago, housewife: Yes, I agree with him completely.

Barry Neff, Cranbury, mail clerk at PSC: No, I wouldn't say it has. In fact, I think we should use our power a little more. I think we should go to Viet Nam to help bring that conflict to an end. I don't think it is good to set aside power. I think we're going to have war no matter what we do, so I say let's clean it up there as soon as we can.

Charles Murphy, office manager for Stover Plywood Corp., 22 Chambers Street: No, I don't think so. I can't see Fulbright at all. He's a very nice man, but I think he is wrong.

Joseph O'Neill, U.S. 1, Princeton, kennel owner: No, by no means. Definitely not! By the Communists. It's that simple.

Howard Goldberg, Jr., Pennington, teacher: I would say we haven't learned to use our strength properly. The department has more power at its disposal than ever before and, perhaps, more so. I don't think I would use the adjective "arrogant" though, to describe the use of our forces.

James White, 182 Snowden Lane, graduate student, sero-space. I would say, no, I sup-

pose Senator Fulbright was referring to Viet Nam. I think what happened there was that we became more deeply involved than we originally intended. But I feel that we have become arrogant.

Mrs. Patricks Holmes-Wood, Edgell Avenue, Lawrenceville, housewife: I've only been here a few months, but I wouldn't say so. I wouldn't describe the United States as arrogant.

How To Survive

The driving course stated, "Keep your foot off the brake pedal until you stop, then take BEFORE entering the road." They said they few drivers realize driving while in a curve.

A skid is a skid, that simple fact. Also NEVER continue driving fatigued . . . a pull over and taking a cat nap may save your life. Let me remember that the fellow who passes on a curve, a hill or where the road ahead is obscured is not looking for serious trouble but may take other lives . . . and if he is not too fatigued to abdicate the rest of his life. Grim thoughts are nice but let's face it, avoid one accident there is a high purpose for all of us.

BB Guns Are Illegal

Cheif Peter J. McCorban has asked that parents be on guard for children using BB guns. "We've seen cases recently," he said, "where windows have been broken or someone shot at."

Cheif McCorban points out that it is illegal in New Jersey to own, sell or offer-to-sell a gun that can fire a pellet. "Some are very powerful, and children should not be allowed to play with them because they are dangerous to themselves," he said.

He said that if any are seen in the possession of children, they will immediately be confiscated and destroyed.

The law provides a fine of up to \$250 for possession of such rifles.

COLLEGE ACCREDITED

By Association. Westminster Choir College has received full accreditation from the Association of Schools and Secondary Schools.

The 40-year old school prepares young people for positions of leadership in churches and schools, strongly emphasizing music as the curriculum includes the humanities, natural and social sciences, foreign language, religion, and philosophy.

The college awards degrees of Bachelor of Music and Bachelor of Music Education.

The Westminster symphony orchestra recently completed its 20th season with the New York Philharmonic at Lincoln Center.

All women in the Princeton area are invited to Friday Club meetings. Those interested in joining the club may call the YWCA office before 11 on the day of the meeting.

TO IMPROVE SERVICES

On Pennsylvania Railroad. The Pennsylvania Railroad, with the assistance of the state of New Jersey, is planning major improvements in communications facilities for areas of new facilities, including 40 new electric commuter coaches.

In 1967 one of the most modern rail transit systems in the world.

The new coaches are scheduled to be in operation in time to coordinate them with the newly-high-speed Intercity trains between Washington and New York, which the Pennsylvania is undertaking under a contract with the Commerce Department. The cars are designed for high speeds and frequent stops.

The new cars will have top speeds of almost 100 miles an hour and will be built to travel speeds of about 70 miles an hour in less than a minute. They will be so light that they will comfortably seat more than 120 passengers.

SPORTS In Princeton

CORNELL TRIUMPH
In Lacrosse and Track, Cornell, which now is the final opponent on Princeton's schedule every other year, will bring Princeton seasons to a close Saturday in Lacrosse and Sunday in Track when the tennis team finishes its schedule on the University Cup. Princeton's Army and Navy ball players entertain Trenton State on Clarke Field, see Column 2, this week, for starting times.

The Tiger lacrosse team, by the way, has not known since the Ivy League became formal a decade ago that of spoiler. Last year, the team, which had shared or won the title outright every season for the past 10 years, was beaten by Cornell from picking up all the marbles this weekend.

Unbeaten in four of the five seasons, the team needs this one to catch Brown in the standings and can then win it all by triumphing in next week's most entry. This is the following Saturday. Cornell's record is the same compared to Ned Hayes' record of pulling the Ithacans to the Ivy hockey championship last winter.

Princeton's baseball team, which shows four victories against a lone defeat by Harvard, is the clear favorite against Cornell as the underdog. The Ithacans appear to possess such depth that unlike Yale, Penn and Columbia, match a good deal of Princeton's strength in the field events.

A new chapter on Sunday, the Tigers won two firsts in the Heptagonals, placing fifth in the team standings with a point more than Cornell, who won, with Navy, Harvard and Cornell also finishing ahead of the Tigers.

The Princeton performance was credited to sophomore Jack Erdrikat, who ripped off

a fine 1.51 5/16 mile to win their average in league play against Cornell. The all-pitch at West Point, hoping that something a little better than the triple jump would be in store for him this time, had a 100' 6" inch, 6 inches.

EASY LACROSSE TRIUMPH. After convincing defeats of the Harvard and Cornell teams, the Princeton team had no trouble with Dartmouth at Hanover on Saturday. The Indians jumped to a 6-0 lead in the first quarter, were ahead by 9-1 at the half and won 17-10.

One of the weekend tennis matches, against Colgate at Hamilton, N.Y., was won by Princeton with the other, defeating Cornell at Ithaca. It is to be noted that Princeton No. 41 Annapolis was on the schedule prior to Saturday's finale with Army.

ARMY THE TARGET
The Tiger Ball Team, hoping to clinch a third straight Ivy League, Princeton's light-hitting baseball team will face Army Friday evening. Last night, Cornell came in as defending champions, and have plans to extend the service team's dominance in the Eastern League, a stranglehold so great in recent years that the lives have been taken from the program in the organization that dates back to 1930.

Either Army or Navy has finished first in the standings with one exception every year since 1859. Never playing their own home games until the weekend in June — despite the fact that they're other traditional rivals — the men play early May to accommodate league scheduling, the service academy remaining at Princeton on the field and off. If the outcome of their contest in June creates a tie in the final standings, the players will be held over because that's the final day of their season and the other teams have long since disbanded.

the only run of the game and he walked off the field 1-1-0 loser.

The contest marked the end of the league season on a note of disappointment. Team setting a low mark in run-scoring ability rarely equals anything else in the Ivy League. Cornell, Dartmouth, Yale and Navy, Princeton made two runs and none against Cornell, failing to cross the plate in the other 36.

DAY AFTER DAY Game summaries. Steve Cushman, who had lost four-game hits, had something a little better in store for him this time. In store for him this time, he had seven hits, picked up four walks and took advantage of three Princeton errors to score four victories. Cushman scattered eight hits, except in the seventh where he lost.

made time to avert a shutdown.

Earlier in the week at New Brunswick, Rutgers led the Tigers, 8-4, for the second time this season. The Scarlet is one team hoping to be invited to the NJCAA District II Tournament, scheduled for Saturday, June 2, and Sunday, June 3, and on Clarke Field. Double elimination play is expected for the first time this year.

FOOTBALL NEWS IN FINALS
—**Heavies Third**. Four of Princeton's six crews in the eastern scull championship regatta on Saturday at Lake Quinsigamond at Worcester. Somewhat unexpected was the fact that the heavies were made up of two seeded entries which failed to place in the previous year. The Princeton heavies were the other Princeton shell which did not qualify.

The best showing of the four which rowed in the afternoon was credited to the 150-meter crew which placed third.

Finished third behind Cornell and M.I.T. The lightweight crew, which had been involved in the championship race in its division and the freshmen fifth.

Bert Kerstetter, who played back on Princeton's standard basketball team last fall, made a hole in one Monday on the second hole at the Princeton Country Club.

The Tiger fullback sank his tee shot on the 178-yard par three into the hole on the 10th green. In the foursome with him were Ron Landwehr, Ron Dickey, and Dick Colman, all tallballers since last season; Warren Harris, defensive coach on Dick Colman's staff, and head coach Jake McDaniels.

"It was a perfect shot," said Landwehr. "I was holding somewhat short of the pin and then rolling toward the hole. I saw the ball go in."

Kerstetter had to wait until the 150-foot straight-in shot to his sixteenth hole.

Two crews rowing in all finals.

The varsity heavies wound up fourth, two lengths behind victorious Harvard. A fine performance by the Princeton crew in second, the best performance ever credited to a Princeton crew.

Cornell was third, three-quarters of a length ahead of Princeton. The Tigers gained a quarter of a mile over Penn, defeating the crew which had beaten them here for the past two years. Princeton's High School lacrosse team as the Blue and White scored back-to-back victories for the first time in their history to even its record at 4-4.

Saturday, May 19 Princeton vs Dartmouth for the second time, 3-1, and on Wednesday, before a large crowd, it triumphed over Cornell, 10-3.

The Blue School, B-3. Both contests were played at Community Park.

Against Hanover, co-captain Carl Burns scored a pair of goals as did Paul Hiltz, John Coughlin, and Mike O'Neil with a single tally, and co-captain Rick Stewart with an assist.

Coach Cheneck's development in front of the net has been remarkable, considering that he began the season at his present attacking position. But Arbergast made the switch early in the season to strengthen a defense which had been glad ever since "He's done a wonderful job," commented Arbergast.

He made back strong in the second half against Hanover.

continued Arbergast "It's the first time we've been a good second half team this season, and if you're a good second-half team you usually have a good second half."

OPEN Here, Princeton's high-scoring tandem of Burns and Hiltz clicked for six goals, each collecting three. Stewart added one, and Smith one. With George Alexander and Steiger receiving assists, a contest between the jays and the blue and white also went Princeton's way 4-1.

Four games remain for the Lions, who are 4-4 overall and with Puddie. "If we're up, we should win all four," said an optimistic Arbergast.

Team Tennis Sweeps. Coach Bill Holmes' tennis team dispatched the Allentown Park team, St. Anthony's, earlier in the week without the loss of a set. Second in both sets of a set.

Peter DeGrazia won his single matches in both contests, and Dave Rusinoff won his double. Matt Handelman was 1-1.

TRACKMEN WIN, 76-50

Princeton High School which had
defeated Princeton High the
past three years and was the
host school. It was the first time
the meet competition last year, saw
its masters over the Little
League field. Princeton had
the lead all day and won on
Monday. Finishing strong in
the final events, the Blue and
White beat the Pioneers, 76-50.

Carl DeCavalcante, Princeton
High, had a triple winner. Some-
thing had, in quick succession,
the 440, 880, mile and
weight classes. He was the
winner when I wouldn't have given
a nickel that he would won this
meet," said PHS coach Jerry Groninger.

Bart Bennett, Princeton
High, was a triple winner,
capturing the low and high
hurdles where he is undefeat-
ed this year. He also won the broad
jump. Vince DiBenedetto was
the 100 and 220.

Robert Way won his speci-

ality, the pole vault with an
11-0 effort and finished second
to Bennett in the broad jump.

Other winners in the first five relays
and first place finishers for the
Blue and White were Carl De-
Cavalcante, Jim Gosselin, Dan
Cerrington and Dan Tindall in the
javelin; 100, 220, 440, 880, PHS.

Dave Lloyd placed second
in both the 100 and 220, while
Peter Michael, Jim Gruber and
Keith Conover were runner-ups
in the mile, high hurdles and
weight classes.

The win was Princeton eighth
in nine dual meets this spring.
Princeton has 14 wins.

WIN JAYCEE MEET. On Wed-
nesday, PHS won the 20th an-
nual Trenton Jaycee Meet held
at Trenton High School. Com-
piling 58½ points, PHS finished
in front of second-place
Ewing, 17½; Randolph, Val-
ley, 15½; and third-place
Bennett won both hurdles in
record time to be named the
most valuable track performer.
His time of 19.1 in the low
hurdles was a new PHS record
set by Bob Dill in 1959. His effort
of 14.5 in the high hurdles
was a new meet record.

DeCavalcante was named
outstanding field performer
in the meet, as he won the
shot put with a heave of 54-4,
bettering his previous PB mark by
five inches, and took a fifth
in the discus.

Pete Michael ran the mile
fastest in the 100, with a time
of 47.37. Alan Cerrington
of Princeton bettered his
best previous time in seven
seconds to finish fifth. Jim
Gruber's toss of 191 feet earned
him first place in the javelin.

George Fifield and Dave
Mawiss pleased fourth and
fifth in the 440. Their respec-
tive times were 54.2 and 54.6.
Both were in each case about a full
second better than their previ-
ous best, according to Gronin-
ger.

"It was a good day," com-
mented Groninger. "Everyone
did outstanding job. Our
times were outstanding job of the
year in just about every
event."

Saturday, PHS will compete
in the South Central Jersey
Group 4 sectional meet at
Ewing. Events will start at 10
a.m. On Monday it will be at
Hamilton.

out for their performance. The
eight were from Princeton
High School. Fourteen schools
participated in the event.

Seven little girls were
named to the all-state first
team—the remarkable achieve-
ment considering this is only
the second year of high school
competition in the sport for the
Blue and White. They are:
Judy Harlow, 1st home;
Valerie Haackenberg, 2nd home;
Peggy Soners, 3rd home;

"Peddie scored six runs in one inning—all of them un-
earned," added Bill. "A num-
ber of some of those nine
runs were unearned. I was
one of those games and one of the
things that I think went wrong
is that when things go wrong, everything
goes. We had a minimum of
10-10."

Peddie's all-state Mr. Every-
thing, Pete Shuman, struck out
nine and yielded only five
hits, including a single and a
straight victory. He also
stroked a three-run homer.

Hun scored all 10 runs
in the fourth, while Scherzer
drove in one and shortstop
Ken Kelley had two of Hun's
five hits.

Earlier in the week, Hun
lost its first game of the season
to the Penn-Jersey League, 6-4.
"We played a good game," said
Bing, "but we didn't get
enough hits. We got only
three home runs."

Hun led, then fell behind,
and tied it again. It was 4-4 at
the start of the ninth inning
when George belted the bases
with a hit and two walks off
Hun's usually reliable Hirsch.
With the bases loaded, Bill
called on his mound ace, Carl
Wilson, but the first batter
grated Wilson with a two-run
single.

First League defeat. The
team had not lost first to the
Penn-Jersey League. Said
Bing, "We're still on top now.
We've made a lot more
improvement than we did in

* JEFFREY C. GRAF

Maintaining a close alliance with Princeton University has always been part of our U Store tradition. Like many Princetonians before him, Jeff Graf became a U Store employee and a member of the freshman class almost simultaneously. For the past four years, Jeff has distinguished himself both as a Princeton University student and a Princeton University Store employee. On campus, he is now a senior anticipating his June graduation with assurance of a scholarship to continue his education at graduate school. As a U Store member, he is now Senior Manager of approximately twenty student employees chosen from applicants at the beginning of each school year. Jeff Graf's personal enthusiasm identifies him as one of those deserving people who find "success" so pleasantly habit forming. The opportunity to share, in some measure, in the future of such young men is one more thing which distinguishes the U Store as a unique service institution of your community.

* Jeffrey C. Graf was born in Trenton and received his college training at the Hotchkiss School in Lakeville, Conn. Having completed four years at Princeton University, Jeff will graduate in June with a major in Romance Languages. He will continue his education either at graduate school at the University of Indiana or via a Fulbright assistant teaching plan in France. His eventual goal is to become a professor of French literature . . . a goal which will surely be achieved with the Graf-brand of vigor and dispatch.

PHS WINS PAIR

To near .500, Mark Princeton High School won its fifth straight game yesterday, 10 to 8, at home Tuesday when it defeated Notre Dame, 4-1, behind the hitting of Tom Decker and Tommy Wood. In picking up his fourth win in six starts, Wood gave up only one run in the third when John Schumacher of the Lions hit a grand slam in the 8-7 loss to Cyanimid.

The Little Tigers scored all the runs they needed in the second when Tom Decker hit by a pitch, stole second and rode home on Rich Vanzandt's single. The visiting Irish, 6-7, had a single by Tony Butterfield.

The home team added single runs in the fourth when Don Juberger singled home Jack Vanzandt, and in the sixth when Vanzandt hit a double and Wood scored. Tom Vanek and Mark Fischer, starting in his first game since April 1, and White, each had two hits to account for four of Princeton's seven runs.

In the six innnings he pitched Wood struck out eight. It was the eighth defeat in 14 outings for the visiting Irish. PHS, 21-6-7, is in third place.

The Frank Merrill of the afternoon was second baseman Jack Vanzandt who hit a shot double and scored the first men on first and second. One play before the bases were loaded, however, the ball had misfired and it appeared the PHS was going to come up empty handed once more.

Princeton's hard-earned and well-deserved victory was attained through a combination of a single error in 10 innnings — and some sound fielding from the defense. Decker worked the first five.

Wood the next three and Joe Decker the final two. He had misfired and it appeared the PHS was going to come up empty handed once more.

Harding forced Van Zandt to share some of the spotlight with him in the eighth, though, with a triple and a high-speed pitching in the tenth. After the strong Franklin club, seeking to end its losing streak, had filled the bases with one out, Harding ended the threat by hitting a single to right field and forcing the second man to pop up.

Outfielder Curt Mitchell had two of Princeton's seven hits. Franklin was limited to six.

Princeton High School Track Records

Of the 13 PHS track records, four were set in 1965. Two of those have already been broken. Carl DeCavalcante beamed the shot 34-4 last week to better the 33-11½ mark set by Jim Kline.

Bert Bennett has lowered his time in the 180-yard hurdles to 1:81, three-tenths of a second faster than his record setting time last year. Jim Kline is still the 120-yard dash record holder, holding Bert Alker's mark of 14.5 in the 120-yard hurdles.

Next most likely to go is Nick Kovakilides' nine-year mark of 205 feet in the long jump. PHS coach Jerry Groninger reports either Tindall or Keith Conover is capable of bettering Nick's distance.

games this season had the Ellsworth A. C. in first place as the West began in West Wednesdays.

It was the only unbeaten entry in the six-team circuit.

Strong hitting Carl DeCavalcante and Mark Ellsworth have been a major factor, while Ziegler and Decker have been solid pitching. The pace-setters added American Cyanimid, 2-1, and Craft Cleaners, 3 to 3.

The Thorncroft Pharmacy dropped its first contest of the season, 10 to 9, and has since followed with three victories. Home runs by Bob Stoll, Mark Ellsworth and Tom Dailey have helped, as have good pitching by Clark and Larry Fowler.

STUDY GROUP REPORTS
On Trinity-All Saints' The October 17, 1965, report of the 16-month Trinity-All Saints Chapel study committee has been mailed this week to all members of the parish.

Directed to the rector, wardens and vestrymen of the parish, the report states that the chapel will be financially able to support itself by 1968 but that it must take an active stand against separation. The decision, it says, is up to All Saints' congregation.

The committee was composed of 10 men and women from All Saints' Chapel and nine (later eight) from Trinity. Members included James G. Astbury, Rev. Dr. R. Alanson William H. Cherry, Kenneth Chorley, Betty R. Cleaves, George F. Dickey, Dr. J. S. F. Fesler, Sallie F. Griffin and John H. Howard.

Also, Jacob S. Kier, George E. Lewis, Robert J. Plumb Jr., Remington Ross Charles B. Rice, Dorothy E. Schooler, Harry E. Saks, Benerville N. Strohacker, Thomas R. Wallingford and Vernon C. Winn.

The report was first distributed in mimeographed form in March 1965 and was read by Rev. Robert R. Spears' discussion class on parish relationships.

The vicar general at the time, Rev. Dr. John W. Newell, and Assistant Vicar, designated in late March to become rector of Christ Church, New Brunswick, died in April.

"We live in an era of great Christian ferment, when we are asked to renew our love and implement our mutual responsibility and interdependence not only with all Episcopalians but with all Christians everywhere. The road is very long and even the first steps are not yet taken," the report said. "It is clear that the church had been charged to advise for or against parochial status for All Saints' and that for the future, it could not have spoken with one voice."

Suggestions, the committee made eight recommendations to improve operation of the parish, including greater participation of lay members in programs of both congregations; closer cooperation between the two organizations; joint services during Epiphany, Lent, Trinity Sunday and Saint's Day.

2) Mutual neighborhood meetings, organized on a parochial rather than congregational basis.

3) A parish calendar maintained by each church to avoid scheduling conflicts; 4) reactivation of the Parish Council as an advisory group to the rector and his assistants. Si frequent pulpit exchanges by the five clergymen assigned.

5) publication of a brochure on the history and organization of the parish.

GROUND BREAKING for a \$55,000 Sunday School wing took place at Westerly Road Church on Sunday, with Jack Reynolds (center), chairman of the building committee, testifying to the first spadeful. Onlookers are (from left) the Rev. Edward H. Morgan, pastor; Dr. Philip K. Balzer, Sunday School superintendent, and Dr. Elmer W. Engstrom, chairman of the board of trustees.

TO GIVE LUTHER'S MASS on Ascension Day, Martin Luther's "German Mass" will be given at 8 p.m., this Thursday at Messiah Lutheran Church.

The text and hymns will be in English.

Participants in the service will be the Rev. Dr. Edward H. Quere, assistant pastor of Messiah Church, celebrant; the Rev. Dr. Alvin Davis, chaplain of Washington College, college warden, and Mr. Ralph Quee, assistant Lutheran chaplain. The organ choir, directed by Charles Frischman of Westminster, will be composed of students of the Princeton University ensemble from the Pre-Music group at Princeton University, who will accompany the singing.

"This first step has now been taken," the report states.

This committee, the relationship between Trinity Church and all Saint's Chapel and to recommend what would help enrich the future.

"But we believe it is scandalous that at this moment in the Church's history we do not stay within the general framework of the western church," the report continues.

After bringing the liturgy to the people by re-working the Kyrie, the Gloria in Excelsis, Sanctus, Agnus Dei and Benedictus into vernacular hymns chanting the Scripture lesson and prayer was also recommended.

"Such practices along with other liturgical actions will demonstrate the importance and demonstration of how Lutheran worship has been and in some places, still is conducted."

The public is invited to attend the service and the study session.

TO ORDAIN HAITIAN at Trinity Church, A graduate of the University of the Caribbean, Dorleus Puerto Rico, J. A. Pierre Dorleus will be ordained at Trinity Church on Sunday, May 22.

He was a guest of the parish at Christmas time.

Officiating at the 8 p.m. service will be the Rev. Peter Charles A. Vogel, Bishop of Haiti. Parts of the service will be in Haitian Creole and French in recognition of Haiti's official language.

Mr. Dorleus will remain in Princeton until June 1, ordination, preaching at Trinity services on Sunday, May 22.

TEACHERS PROGRAM SET At Church of Christ, Princeton, a teachers' program from 10 until 3 on Sunday, June 4 at the Shrine Club, River Street, Princeton. Persons are invited to attend.

Speakers will include Wayne Thompson, author of "The Big Rags," author, Ken Nolan, teenagers, and Bev Evans pre-schoolers. Lunch will be served at 12 noon. Rev. Eddie Booth is pastor.

TO HEAR BISHOP PIKE In University Chapel, The Rt. Rev. James A. Pike, bishop of the Episcopal diocese of California, will speak at 11 this Sunday in the Princeton University Chapel. His sermon title is "Growth Through Encounter."

He will also speak at 7:30 p.m. on Monday, June 11, the sixth of the Graduate College Lecture Series sponsored by the Chapel.

Lecture, Howard H. Lewis of San Bernardino, Calif., will give a free public lecture at 8:15 p.m., this Friday at the War Memorial Auditorium, 10 University Street entrance, in Trenton, under the sponsorship of the First Church of God, a high school teacher. Mr. Lewis served in Europe during World War II in a military intelligence service. Since then he has devoted full time to the public practice of Christian Science healing.

Keynote, The Rev. Dr. Kenneth L. Maxwell, executive director of the international affairs department of the American Council of Churches, will give the main address at the annual assembly of the United Church Workers of America, June 1 in Ocean Grove. "Lusty in Mission" will be his topic.

Everyone has problems with hair — it's too dry or too bushy; it's too straight or too curly ... and on top of all these difficult conditions that create hair problems, there are conditions outside the hair that create hair problems, the problems in the water, the surroundings.

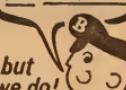

For the all-American hair problems, TAVERNOVIA has come up with some ways to help you cope with any hair problems that you have. So ... whatever your hair problem is, have it solved the right way and the right time.

TAVERNWOOD BEAUTY MANOR, West, Call 624-3983 and have your hair done with confidence.

WHO SAYS YOU CAN'T
BUY REASONABLY IN PRINCETON?

NOT BIG, NOT SMALL, JUST RIGHT for a family of 3 or 4. Two story Colonial in wonderfully convenient location. Large living room, dining room, kitchen, 3 bedrooms, 1½ bath. Potentially secluded grounds. Tender, loving care can make this a good investment and a pleasant home.

NEAR UNIVERSITY AND TOWNSHIP SCHOOL. Two story house with new white aluminum siding. Three bedrooms, 1½ bath, separate dining room, living room with fireplace. Very appealing at \$27,500.

TWO PEOPLE AND A HERD OF CATTLE have enjoyed the atmosphere of country living right on the edge of the woods where the deer emerge for feeding, the house still close enough to town for convenience. And a better house! Very large, spacious, light-filled. The present owners bought it, the house was completely fixed up for comfortable living. Staircases can live entirely on the first floor, which includes the cozy living room, den, kitchen, dining room, sunroom, and a large rear porch. The second floor contains three bedrooms, a bathroom, and a large rear porch. The exterior is attractive, well-maintained, and the interior is a three-way outlook on the pretty 2 plus acres. Upstairs are two bedrooms, a bathroom, and a large rear porch.

TOWERING OLD TREES shade this attractive ranch house. Beautifully built and in fine condition, is offered enjoyably living. Good living room with fireplace, dining room, kitchen, 3 bedrooms, 1 bath, utility room and attached 2 car garage. Charming house, nice greenery. Reduced for quick sale to \$35,000.

10 reasons why you should buy a home in Wynnewood at Cranbury:

- Wynnewood at Cranbury is a custom crafted community of truly lovely homes, set against a backdrop of fine old trees.
- Cranbury is one of the few remaining "small-town" towns with a real village atmosphere!
- Cranbury is 1 mile from Princeton, 50 minutes from mid-towns Manhattan.
- All lots are MINIMUM of one full acre.
- Fine school system - including all-new Regional High School.
- Elegant design is overwhelming!
- Solidity of construction is paramount!
- Every home has the most modern of kitchens with the new Color's "73" double oven range and dishwasher included.
- All utilities, curbs, walkways, etc. are in and paid for!
- Gracious covered porches and full 2-car garages.

There are really hundreds of reasons why you should own a Wynnewood at Cranbury home. See for yourself.

ARMOUR ROAD . . . on almost an acre of beautifully landscaped grounds in what is generally admitted to be one of Princeton's choicest residential areas, this brick residence has 4 bedrooms, 2 baths and powder room. The paneled living room has a fireplace and French doors to the terrace. Here is a property with great possibilities. You may decide to enlarge the kitchen, or paint some of the paneled walls, or rip out 2 closets and change the den into a dressing room. However, any money you spend on improvements will be money well invested, for this is a neighborhood of elegant (and expensive) homes, and capital invested here has an almost incomparable record of appreciation. SMALL ESTATE NEAR PRINCETON ...

On historic Mercer Road, in beautiful Lawrenceville, this charming Cape Cod is hidden behind its hedges and its fine foliage. Approximately 2½ acres of land, with many shade trees and about half the lawn enclosed by a new fence of cedar pickets. Indoors there is a huge, pine-paneled living room with fireplace, library with fireplace, dining room, modern kitchen and powder room. Upstairs, 3 bedrooms and bath. New, pine-paneled study in basement. House freshly painted outdoors with two coats of best grade acrylic paint. Large screened porch opening into the garden. (Sole Agent) \$17,500

EDGERSTOUNE ...

Located in what is, perhaps, Princeton's most unusual and desirable residential enclave, far off the main road and away from through traffic, this fine white clapboard residence has 5 bedrooms, 3 baths. Off the foyer is a large living room with fireplace, dining room has french doors leading to a screened porch, and the kitchen has dishwasher and disposal. City water, city sewer. Attached 2-car garage. Study downstairs. House newly painted outdoors. Large lot (150x200) with beautiful shrubbery and many trees in the background. For the children, Johnson Park School is within walking distance. (Sole Agent) \$59,500

Many fine homes in Princeton and vicinity in every price range.

3 out of 4 women need SUPER-MOIST MASK

and the 4th one needs it too!

3 out of 4 women have dry skin — the 4th has dry areas. You never miss the water until the well runs dry. But Germaine Monteil's new SUPER-MOIST MASK will make your skin look as though it has never known a day of drought. Regular use seems to compel your skin to retain the moisture it needs, while helping it "remember" its young contours.

Stroke it on with exciting new "BEAUTY BRISTLES". Only from Monteil, it makes masking a pleasure, and perfect in technique!
